Global Health Summer & Innovation Challenge Program

Global Health Summer

Step into the world of global health! Gain hands-on experience diagnosing diseases, observing NCD clinics, and participating in community health fieldwork.

Highlights include malaria diagnostics, Thai Red Cross visits, and poison center teaching rounds.

Location:

Mahidol University
International College
(MUIC), Thailand

Duration:

July 1- August 1, 2025

The 3rd International Designing Health Innovation Challenge

Tackle the challenge of occupational health and well-being of Thai railway workers and their communities over 16 days, with a focus on practical approaches to community health.

Apply Now - May 31, 2025

Fee: 2,700 USD
